GENERAL

Introduction

1.1 National Cadet Corps is a **Tri-Services Organization**, comprising the **Army, Navy and Air Force**, engaged in grooming the youth of the country into disciplined and patriotic citizens. The origin of NCC can be traced back to the ‘**University Corps**’, which was created under the Indian Defence Act 1917, with the object to make up the shortage of the Army. In 1920, when the Indian Territorial Act was passed, the ‘**University Corps**’ was replaced by the University Training Corps (UTC). The aim was to raise the status of the UTC and make it more attractive to the youth. The UTC Officers and cadets dressed like the army. It was a significant step towards the Indianisation of armed forces. In **1942**, the UTC was re-christened as the ‘**University Officers Training Corps**’. During the independence movement, the leaders of our nation had realised the need to create a national level youth organisation, to train and groom young boys as responsible citizens and future leaders of our great country in all walks of life, including the defence forces. Consequently, a committee under **Shri NH Kunzru** was set up in **1946** on the directives of the first Prime Minister, **Pandit Jawaharlal Nehru**, to consider the establishment of a nationwide cadet Corps. The recommendations of the committee paved the way for the National Cadet Corps, which was born through an **Act of Parliament in 1948**.

1.2 The National Cadet Corps came into existence on **15th July, 1948 under the NCC Act XXXI of 1948** under the Ministry of Defence with the following aims:-

- (a) Development of leadership, character, comradeship and the ideals of service.
- (b) Stimulation of interest in the defence of the country, to the widest possible extent.
- (c) Building up of a reserve of potential officers to enable the Armed Forces to expand rapidly in a national emergency.

Enrolment

1.3 Induction into the NCC is on a voluntary basis and students both boys/girls can join at the age of **13 years** in Junior Division (JD)/Junior Wing(JW) (generally Class **VIII to X**) and in Senior Division (SD)/Senior Wing (SW) from **11th class** onwards.

Growth and Revision of Aims

1.4 The Corps started in a small way with **32,500** Senior Division and 1, 35, 000 Junior Division cadets. It has grown exponentially since then and the authorized cadet strength has now reached 13 lakhs. While this figure by itself is quite substantial, it covers only approximately **3.5%** of the eligible student population of our country. The network of **774 NCC Units** spreads out all over the country through **4,816 Colleges** and **8, 029 Schools**. NCC coverage all over India is as under:-

	<u>Senior Division/ Senior Wing</u>	<u>Junior Division Junior Wing</u>	<u>Total</u>
(a) Boys	388845	721769	1110614
(b) Girls	86365	103021	189386

	Grand Total		13,00,000

1.5 The National Cadet Corps was given an inter-service image in 1950 when the Air Wing was added followed by the Naval Wing in 1952. While elementary military Training was given to school student (cadets of Junior Division – JD), college students (cadets of the Senior Division – SD) were trained as potential officers for the Armed Forces. For this purpose the Units of Armoured Corps, Artillery, Engineers, Signals,

Infantry and Medical Corps were introduced in the NCC. In 1952, the NCC curriculum was extended to include community development as a part of the NCC syllabus at the behest of **Late Pandit Jawaharlal Nehru**, who took a keen interest in the growth of the NCC.

1.6 By **1960**, the demand for NCC Units in schools and colleges all over the country had gone up substantially. To meet the growing demand another organization, named National Cadet Corps Rifles (NCCR), was introduced. The **Chinese Aggression of 1962**, led to the nation-wide demand for making NCC compulsory. Consequently in **1963**, NCC training was made compulsory for all able bodied boys in the age group of **16 to 25** years, in the first three years in college. **In 1964**, the NCCR was merged into the National Cadet Corps. However, the lack of infrastructure, inadequate staff to train the cadets and lack of equipment and weapons, made it difficult for the NCC organisation to implement its expanded role. Quantitative requirement had lowered the qualitative standards.

1.7 The compulsory aspect of the NCC was discussed by the Inter University Board in 1967 and the period of compulsory training was reduced from three to two years. The Education Ministers Conference held in New Delhi in 1967 suggested that NCC training must be improved and recruitment to NCC should be optional. The then **Defence Minister, Sadar Swaran Singh** directed a review of the compulsory aspect of the NCC. The Defence Secretary considered various aspects which had led to the dilution of NCC standards and recommended to the Government that NCC training in colleges be made voluntary with effect from the academic session 1967-68. In February 1968 the Inter-University Board decided to make the NCC voluntary for all students.

1.8 In deference to a suggestion from the Planning Commission in November 1970 for an evaluation of the NCC's role and performance, an Evaluation Committee was set up in December 1972 under the Chairmanship of **Dr GS Mahajani, Vice Chancellor of Pune University**. This Evaluation Committee was to evaluate the working of the NCC

and suggest financial and administrative arrangements. The terms of reference of the Committee were:-

- (a) To evaluate the work of the NCC programme since its inception, with specific reference to its aims and objectives.
- (b) To recommend measures, necessary for changes in the aims and objectives, organisation and training of NCC programmes and consequential financial/administrative arrangements.

1.9 On the basis of the recommendations made by the **Mahajani Committee**, the earlier aims of the NCC were modified, and the new aims came into being: -

- (a) Development of leadership, character, comradeship, spirit of sportsmanship and the ideals of service.
- (b) To create a force of disciplined and trained manpower which in a National emergency, could be of assistance to the country.
- (c) To provide training for students, with a view to developing in them officer like qualities thus also enabling them to obtain commission in the Armed Forces.

1.10 The NCC has grown into a matured and glorious organization keeping the youth in its fold. The Chiefs of Staff of the Army, Navy and Air Force accepted to become the Colonel/Captain/ Commodore in Chief of the NCC in 1980.

1.11 In 1986, the Government of India ordered the **Thapan Committee** on NCC to evaluate and review its working with reference to the aims and objectives. Chaired by **Lt Gen (Retd) ML Thapan**, PVSM the Committee submitted its report in June 1988. Based on the recommendations of **Thapan Committee in 1992** the government ordered adoption of the revised aims of NCC, which are as follows:-

(a) To develop qualities of character, courage, comradeship, discipline, leadership, secular outlook, spirit of adventure and sportsmanship and the ideals of selfless service among the youth to make them useful citizens.

(b) To create a human resource of organized, trained and motivated youth to provide leadership in all walks of life including the Armed Forces and always be available for the service of the nation.

1.12. The aims of NCC as approved by MOD in Mar 2001 are as under:-

(a) To develop character, comradeship, discipline, leadership, secular outlook, spirit of adventure, sportsmanship and ideals of selfless service among the youth of the country.

(b) To create a human resource of organized, trained and motivated youth, to provide leadership in all walks of life and always be available for the service of the nation.

(c) To provide a suitable environment to motivate the youth to take up a career in the Armed Forces.
