INTRODUCTION

1. Training in NCC instils qualities like nationalism, patriotism, discipline, team spirit, esprit-de-corps, leadership and self-confidence and promotes overall personality development. NCC gives a tremendous opportunity to one and all for betterment, irrespective of caste, creed, religion or economic status. Based on the aims of NCC, the organisation has laid down training syllabi for the cadets. The syllabi for the Junior Division cadets cover a period of two years and for Senior Division cadets the period of three years. Except for minor variations, the syllabi for each Division is similar for both Boy and Girl cadets. The training year matches the academic and financial years.

SCOPE

2. The brief is laid out in following parts :-

- (a) Part I. - Org and charter of Trg Dte.
- (b) Part II. - Activities of Trg A.
- (c) Part III. - Activities of Trg B.
- (d) Part IV - Misc Aspects.

PART I – ORG AND CHARTER OF TRG DTE

Dir Trg B is responsible for the conduct of Republic day Camps(RDC), Trg at OTA, Naval Trg, Adventure and Sports activities. He is assisted by JD (Trg), JD Trg (Navy) and DD (Adventure).

5. The Charter of duties of Offrs of Trg Dte is att at Appx.

PART II – ACTIVITIES OF TRG ‘A’

Concept of Training

6. Based on the aims of NCC, the Organisation has laid down Training Syllabi for the cadets. The syllabi for the Junior Division Cadets covers a period of two years and for Senior Division it is three years. Except for minor variations, the syllabus is similar for both Boy and Girl cadets. The training year is wef 01 Apr to 31 March. Training schedules planned for cadets ensure that the optimum benefits of the organisation reach maximum number of cadets.

7. On successful completion of the laid down syllabi, cadets of Junior Division are eligible for ‘A’ certificate examination and cadets of Senior Division for ‘B’ & ‘C’ certificate examinations. NCC ‘A’ certificate examination is conducted by OC units and ‘B’ & ‘C’ certificate examinations by Gp Cdrs and State DDsG respectively, for the cadets who have completed requisite number of periods and camps during their training.

8. The training activities of Trg ‘A’ can be broadly classified under the following heads:-

- (a) Institutional Training.
- (b) Camp Training.
- (c) Attachment Training (Service Units).
- (d) Air Wing Training.
- (e) Community Development.
- (f) Youth Exchange Programme.

Institutional Training

9. This training is mostly carried out in schools and colleges by the cadets. In addition, depending upon the type of wing, basic knowledge of that service is imparted to the cadets e.g gliding and powered flying for Air Wing cadets and boat pulling and

sailing for Naval Wing cadets. Common syllabus consists of 70% and special to services subjects 30 % of the entire syllabus for Army wings. However for Naval and Air Wings, the Common syllabus is 30% and specialist syllabus is 70%.

Camp Training

10. Camp training constitutes the most important part of NCC training. Every cadet in the NCC is expected to attend at least two camps during one's tenure to complete the Training Syllabi. Therefore, nearly 50 percent of the enrolled strength gets this opportunity every year. In Camps, the young cadets get the thrill and joy of outdoor and community living as they are made to live under canvas/camp conditions and also follow a rugged but interesting routine. Camps also help in developing camaraderie, team-work, leadership qualities, self-confidence, self-reliance and dignity of labour among cadets. This contributes greatly towards promoting national integration. The various camps conducted by the NCC are as follows:-

(a) **Annual Training Camps (ATC).** These are held within the State under the aegis of respective NCC Directorates. The camps are of 12 days for senior boys/girls and 10 days duration for junior boys/girls. 50% of the enrolled strength undergoes the camps. In a year, approx 6 lac cadets undergo the camps.

(b) **Centrally Organised Camps (COC).** These camps are of an all India nature and are planned by HQ DGNCC in consultation with the Directorates nominated to conduct them. Selected cadets, as per the vacancies allotted to each Directorate, participate in these camps. The following types of centrally organised camps are conducted: -

(i) **Leadership Camps.** These camps are conducted on an all India basis. There are four Advance Leadership Camps (ALC), one each for SD, JD, SD Naval Wing boys and SW Girls. Three Basic Leadership Camps are held, one each for SD boys, SW and JW Girls. A total of 1350 cadets attend these camps.

(ii) **Vayu Sainik Camp.** This Centrally Organised Camp is organised for Air Wing Cadets. 600 cadets (420 boys + 180 girls) from all Directorates attend the camp. VSC is generally conducted in the month of Oct. This year it is being conducted from 18 –29 Oct 05 at Bangalore.

(iii) **Nau Sainik Camp.** This Centrally organised Naval camp is conducted annually for selected Naval Wing Cadets. Boat pulling, regatta and sailing competitions are the main attractions of this camp. 560 cadets (400 boys + 160 girls) attend the camp. It is conducted during the months of Oct/Nov.

(iv) **Rock Climbing Camps.** Eight rock climbing camps are held each year to expose the cadets to the basics of rock climbing and to

inculcate spirit of adventure. Four of these camps are held at Gwalior in MP and other four camps at Nayar Dam near Trivandrum in Kerala. A total of 1080 cadets attend the camps.

(v) **National Integration Camps (NIC).** These camps are conducted on an all India basis and help bridge the cultural gap among various states of India. 37 such camps are conducted every year. In addition, we conduct NICs at remote and forward areas to promote national integration. Special NICs are being conducted regularly at Leh, Srinagar, North Eastern Region and at Port Blair.

(vi) **Thal Sainik Camp (TSC).** Two TSCs are conducted at RD Parade ground, Delhi Cantt every year i.e. one for SD/JD boys and other for SW/JW girls. Points scored by NCC Dtes during various competitions held during the camp contribute towards Republic Day Banner. 640 Boy and 640 Girl cadets take part in this camp held in Sep/Oct.

(vii) **Republic Day Camp (RDC) and Prime Minister's (PM's) Rally.** Republic Day Camp is a prestigious camp inaugurated by the Vice President of India and visited by Raksha Mantri, Raksha Rajya Mantri, Chief Minister of Delhi, the three Service Chiefs and other dignitaries. During the Camp, a Horse Show and three Cultural Programmes are held wherein important dignitaries are invited as Chief Guests. The camp culminates in the Prime Minister's Rally on 27 January every year which showcases all the activities of NCC. In addition, groups of NCC cadets meet the President of India and the Prime Minister over tea on separate days.

Attachment Training

11. NCC cadets are given an opportunity to live and work in regular service units in the form of Attachment Training. Allocation of vacancies for attachment to various Army Command HQs is done by the Army HQs. Every year 440 officers and 20,000 cadets are attached with various Army units. This includes, approx 560 SW cadets who are attached with various Centres/Depots where lady officers are posted. The attachment training is for approx 15 days duration.

12. **Attachment Military Hospitals.** 1000 Senior Wing Girl cadets are attached with various Military Hospitals every year.

13. **IMA Attachment.** 120 SD cadets are attached with IMA for trg every year.
14. **ATT OTA.** 48 SW girl cadets are attached with OTA, Chennai for trg every year.

Air Wing Training

15. NCC Air Wing was established in 1950. At present, there are 58 Air Sqns i.e. 47 Flying Sqns and 11 Technical Sqns. Air Sqns cover all State and Union Territories except J&K. 47,578 SD Cadets and 11,489 JD Cadets are on its roll.

16. The major objective of the Air Wing training is to create interest amongst the youth of the country in aviation activities. In the flying Sqns, besides normal training, cadets are imparted training in Gliding/Microlite activities. The cadets are imparted basic theoretical knowledge in aviation subjects like aerodynamics, navigation, airmanship, meteorology and aero engine. The following practical training is also imparted: -

(a) **Gliding.** Gliding is the most appropriate and economic way of bringing aviation within the reach of a large number of cadets. As of today only 18 gliders are serviceable out of 40 Gliders. An Air Sqn has to achieve a target of 1000 launches by gliders and 200 hours of flying in Microlite in a year.

(b) **Microlite Flying.** Microlite Flying has been introduced in NCC as an adventure activity with a view to give air experience/trg to the NCC Cadets (SD/SW) of Air Wing. A total of 60 Zen-Air Microlites have been ordered with M/S Agni Aero Sports Aviation Academy (P) Ltd out of which 46 have been delivered and 14 are to be delivered soon.

(c) **Power Glider.** There is a proposal to introduce Power Gliding in the NCC. This has been agreed to in principle in the APC.

(d) **Aeromodelling.** Aeromodelling is the best way to demonstrate and understand how the forces of aerodynamics work on a flying wing (aerofoil). Aeromodelling is a vital link between the theory and practical flying training. Aeromodelling is divided into two general categories of static and dynamic aeromodelling. In static aeromodelling, non-flying type aeromodels are made to a specific similar scale of the actual aeroplanes. In dynamic aeromodelling, the aeroplanes are made to fly with the help of small engine fixed on it or without it depending on whether the aeromodeller wants to display his skill on a power model or a gliding model. In any case, both types involve controlling through radio control. There is another type of non-control dynamic aeromodelling, where a powered aeromodel attached to a string is made to perform various manoeuvres.

(e) **Attachment Training.** The main aim of the Attachment Training is to familiarize Air Wing NCC Officers and Cadets about working of Air force Stations / Estts. Every year 20 ANOs and 200 SD Cadets are attached to various Air Force Stations / Estts for four weeks. During their training, intensive training on air subjects is given to the cadets.

(f) **Courses.** Every year one Pre-commission and one Refresher course for senior Division NCC Offrs and two Pre-commission and two Refresher courses for Junior Division NCC Offrs are conducted. The following courses are conducted for ANOs at AFAC, Coimbatore: -

- | | | |
|-------|----------------------------|--|
| (i) | Pre-Commission (JD) Course | - 04 weeks |
| (ii) | Pre-Commission (SD) Course | - 12 Weeks(3weeks in
Kamptee
& 9 week at AFAC) |
| (iii) | Refresher Course (JD) | - 04 Weeks |
| (iv) | Refresher Course (SD) | - 04 weeks |

(g) **Attachment Training at AFA, Dundigal.** Every year 38 SD & 12 SW Cadets from all NCC Dtes are attached to Air Force Academy, Dundigal for 13 days twice a year in the month of Jun/Jul and Oct.

(h) **Vayu Sainik Camp.** A combined annual training camp known as 'Vayu Sainik Camp' is held every year. 420 SD Cadets and 180 SW cadets attend the camp. This year the camp is being conducted at Bangalore from 18 Oct to 29 Oct 2005 at Air Force Stn, Jalhalli, Bangalore.

Social Service and Community Development

17. NCC has adopted community development activities with the aim of imbibing amongst cadets selfless service to the community, dignity of labour, importance of self help, need to protect the environment and to assist weaker sections of the society in their upliftment. This was envisaged through programmes involving adult education, tree plantation, blood donation, visit to Old Age Homes, slum clearance, village upliftment and various other social schemes. Some of the major activities of NCC cadets are:-

(a) **Tree Plantation.** NCC cadets plant saplings and look after them in conjunction with the concerned State Departments. This year during the NCC fortnight planned on the occasion of NCC Day, all cadets planted a sapling each.

(b) **Blood Donation.** Cadets donate blood as voluntary service whenever needed by Hospital/Red Cross. Last year all State Directorates carried out Blood Donation Drive throughout the country on NCC fortnight from 15 Nov –30 Nov 04 on the occasion of NCC Day.

(c) **Old Age Homes.** Old Age Homes in the country are patronised and regularly visited by NCC cadets.

(f) **Disaster Relief.** NCC has always extended its helping hand during natural and other calamities and accidents. Over the years, NCC cadets have rendered outstanding service during floods, earthquakes, cyclones, tragic train accidents and provided the healing touch in riot affected areas. Their response to situations like the Orissa Super Cyclone, floods in Andhra Pradesh and West Bengal and Earth Quake relief operations and soothing tempers after the riots in Gujarat have been commended upon by one and all. Recently, NCC cadets actively assisted in the relief operations during the Tsunami Disaster. The significant contribution by NCC were widely acclaimed by one & all.

Recently an All India AIDS Awareness Motor Cycle Rally was conducted by West Bengal & Sikkim NCC Directorate from 16 Dec 04 to 04 Feb 05. The rally passed through Southern, Western, Northern and Central India and finally reached Delhi during the Republic Day Camp 2005 where they participated in the Prime Minister's Rally. A two year programme to spread awareness on HIV/AIDS has also been organized with the participation of UNAIDS. As a precursor to "Train the Trainer", first cadre has been started on 19 Sep 05 with all Directors and selected officers and WTLOs from all states Dtes.

(j) **Cancer Awareness Programme.** NCC Cadets actively participate in Cancer Awareness Programmes organized at various cities. Cancer Care India (CACI), a NGO and NCC have joined hands to launch Cancer Awareness Programmes (CAPS) throughout the country. So far 13 such CAPS have been conducted. Cancer Awareness Day on 07 Nov was observed in a big way.

Youth Exchange Programme (YEP)

18. The aim of YEP is a country to country exchange of cadets belonging to NCC/equivalent Govt /Youth Organisations of friendly countries and participation in NCC activities of the host country to create an increased awareness among participants and appreciation of each others socio-economic and cultural realities. The exchange programme acts as the 'third tier of diplomacy' by supplementing the efforts of our diplomats and leaders in building bonds with other friendly nations.

19. **On-going Programmes.** We have YEPs with ten countries. These are on a reciprocal basis except Maldives and Trinidad & Tobago. Reciprocal implies that air fare for both to & fro journey is borne by country of the visiting cadets and hospitality including accommodation, transport and food is borne by the host country.

20. **Participation.** Approximately 100 cadets take part in YEP. Further, 28 SD (Navy) cadets are earmarked for foreign cruises organised by the Navy and the Coast-Guard. These cadets are selected from amongst those nominated by the State NCC Dtes for RDC during Dec-Jan every year. The selection process is based on a written exam followed by screening by a Board of Officers headed by Additional Director General (ADG). The successful cadets are finally interviewed by DG. The OIC delegations are selected by a similar process of interviews held at HQ DGNCC during the month of Apr every year. During the past two years, the following visits took place :-
